# TOOLS

- Github → Repository
- Sketch → GUI Objects

All the objects of the GUI have been drawn in vectorial

- Slack → Communications

We used Slack to manage our communications and the code snippets sharing

- Java and IntelliJ + CSS → Languages and IDE

We used the CSS to shape some elements of the GUI

- Maven → Project Management
- Socket Test → Server Testing

We used Socket Test to test the server independently from the client

# FEATURES

GUI

Dark Mode

CLI
